Ms. Mandy Phan
Reinsurance
Executive
(Asia Reinsurance
Brokers Pte Ltd)

Mandy Phan is currently a Reinsurance Executive at Asia Reinsurance Brokers (ARB), an independent specialist reinsurance and insurance risk solutions provider for the Asian markets. She has been rotated to various departments such as Facultative Broking Department, Technical Accounting Department, Claims Department and Treaty Department as part of her skills development programme. Mandy is also currently pursuing the ACII designation, a professional qualification widely recognized by the insurance industry. Mandy graduated from the National University of Singapore with a Degree in Business Administration with Honours. She was a recipient of the NUS NASA (Exchange Award) and NUS Business School Study Awards. Mandy, who also holds a Diploma in Law and Management from Temasek Polytechnic, has participated in the Global Internship Programme during her final year of studies in NUS back then in May 2009. During her interview with the journalist from The Business Times entitled, "Carving out a reinsurance broking career" which was published on 16 June 2010, Mandy expressed that she considered the GIP programme to be 'the most rewarding internship that she ever had.'

Soh Rui Na is currently an underwriting executive in the Financial Lines department in Chartis Singapore Insurance Pte. Ltd. She is responsible for underwriting risks in the Financial Institutions Practice portfolio which includes looking into the management, professional and fidelity liabilities of various financial institutions such as fund managers, banks and stockbrokers. She is also in the Chartis Global Professional Associate Programme. Rui Na participated in GIA's Global Internship Programme in 2009 and was an intern at a Lloyd's Asia syndicate. In the programme, she worked and learnt from industry professionals in both Singapore and London and was exposed to a high level view of the general insurance industry, as well as a more in-depth consideration of individual classes of business. Rui Na graduated from the Singapore Management University with a Bachelor of Business Management.
