SYNOPSIS & SPEAKER PROFILE

Mr Tang Sau Weng
Managing Director
CSL Marine Asia Pte Ltd, Singapore

Presentation Topic: Loss Prevention through Risk Management

In his presentation, Mr Tang Sau Weng, Managing Director of CSL Marine Asia Pte Ltd will focus on loss prevention, a topic that is highly relevant to marine insurance practitioners. Sau Weng will provide an overview of risk management in the marine insurance industry and explore various types of risks ranging from shipbuilders' risk assessment, condition survey risk assessment and crew competency evaluation, to aspects of cargo transit risk assessment including pre-shipment risk management and project cargo. Sau Weng will also provide insights on claims damage survey and share practical perspectives from real-life case studies to provide participants with a well-rounded approach to loss prevention and the subsequent steps to take should loss prevention fail to work.

Presenter: Mr Tang Sau Weng **Managing Director, CSL Marine Asia Pte Ltd**

After obtaining a first-class honours degree in Naval Architecture & Offshore Engineering at the University of Strathclyde, Scotland, Sau Weng started his career with Lloyd's Register where he spent time in various naval architecture, shipbuilding, marine consultancy, risk management and business management roles. In September 2006, Sau Weng joined the Royal Bank of Scotland (RBS) and headed the Ship Asset Management at RBS Global Shipping Business Centre, London.

Two years later, the positive and outgoing leader moved to Singapore to set up CSL Marine Asia. With his broad expertise in marine survey, consultancy and risk management, Sau Weng's main responsibilities include identifying potential markets opportunities for the CSL Global group of companies, growing and delivering CSL Global's business in Asia and developing the team in CSL Marine Asia.

Presentation Topic: Understanding the Claims Handling Process & Its Complexities

Ms Tan Hui Tsing, a partner of Gurbani & Co, will highlight pertinent issues that need to be considered prior to the handling of claims. In her presentation, she will discuss the handling and management of maritime claims, specifically cargo claims and insurance claims on Hull & Machinery (H&M) policies. Hui Tsing will provide guidance on how maritime and marine insurance practitioners should respond when they face a claim, and the intricacies of every step taken, from the collection of evidence for the claim, the presentation of the claim to obtaining security for the claim amongst others. Hui Tsing will also provide participants with insights to jurisdictional limits when responding to claims and share her experiences on real-life cases that she has handled during her practice.

Presenter: Ms Tan Hui Tsing
Partner, Gurbani & Co

Hui Tsing is a partner in Gurbani & Co. She is a shipping lawyer, and her areas of practice covers all aspects of shipping and maritime matters, including contentious / shipping litigation in areas of charter party disputes, cargo claims, casualty and other maritime claims, and also non-contentious matters such as ship registration, sale and purchase, and ship financing. Prior to joining Gurbani & Co, Hui Tsing was a claims handler at Shipowners' P&I Club, where she handled P&I claims ranging from crew claims to collisions, grounding, and wreck removal. Before that, Hui Tsing was a partner in another shipping law firm. Hui Tsing is an alumnus of the University of Southampton, where she read Masters in Maritime Law under the Maritime & Port Authority of Singapore's Joint Maritime Scholarship Scheme in 2003/04.
