

AN INITIATIVE OF TALENT OUTREACH PROJECT

CAREER FAIR 18 Sep 2008

AT THE FAIR

General Insurance Association of Singapore (GIA) participated in the recent MDIS Uni Campus Job Fair held on 18 Sep 08. The main objective of its participation at the Fair was to profile the different classes of business risk and various jobs opportunities available for positions ranging from Claims Executive, Trade Credit Executive, Agency Executive, to IT and HR Executives, available within the direct and reinsurance companies.

The MDIS UniCampus Job Fair opened its doors to an estimated 500 local and foreign graduates and alumni. The primary focus of the Job Fair was to present the various job options in the current market, made available by established and premium companies ranging from hospitality, insurance and finance sectors to social services.

Beside talent acquisition, GIA was at the fair to uplift the industry profile and enhance the knowledge of the graduates about the general insurance sector. Most companies realize the difficulties and constraints in attracting talent. However by participating in a Job Fair, companies will be able to select from the potential candidates who visit such events. By going to a Job Fair, graduates will be given a better understanding of the current job market trends and be able them to plan for their future career path.

From the many options available, visitors to the fair can have a fruitful experience studying the different jobs available in the market as they plan for the career or strategize their recruitment programme.
